Corporate Identity Guidelines - Logo, Tag line, Icon and Graphic Element

Logo

The TEXO Ventures logo should be placed on a white background when possible. The colors used in the logo are PMS 367 for the top segment and PMS 356 for the bottom segment or their CMYK or RGB equivalents.

Tag line

The TEXO Ventures tag line is...

Font - Tahoma

When used in conjunction with the logo, the tag line should be centered below the logo, exactly the same width as the logo with a single line space separating it from the logo.

Icon

The TEXO Ventures icon has been developed to allow easy recognition at a reduced size and low resolution.

Graphic elements

The primary graphic elements used in the TEXO Ventures marketing material is the colored icon (top segment - 25% of the primary color PMS 367 and bottom segment - 10% of the primary color PMS 356 or their CMYK or RGB equivalents).

Corporate Identity Guidelines - Typography and Color Palette

Typography

The primary corporate font is the Helvetica font family. The tag line font is Tahoma. If Helvetica is unavailable (i.e. multimedia restrictions etc) the Arial font family can be used as a substitute for Helvetica. Helvetica and Arial are sanserif fonts of choice. Times Roman is the serif font family of choice.

Helvetica Font Family
